		Date:	
	Fxp	Preliminary Report periment: Raman Spectroscopy	
		periment numan spectroscopy	
1.	Describe the difference betw	tween the Rayleigh and Raman scattering.	
2.	Explain the difference between	veen the Stokes and anti-Stokes scattering.	
3.	What are the selection rules	es for Raman and IR spectroscopy?	
4.	State the necessary precauti	tions when doing this experiment.	
4.	State the necessary precauti	tions when doing this experiment.
